Before you dive face-first into this story, it's best that I give you a little backstory. The first book is made by Daynal, and I made the second book. Enjoy

Book 1

From the beginning of time the land of Pangea was a lawless place. Giants, Werewolves, Vampires you name it, Pangea had it. But one day a man of great character and ability was born. He was born to a family of dragons and yet he had the shape of a human, but he held the properties of a Dragon. Impenetrable skin, fire breath, fire immunity, and shapeshifting but of course these are the most fundamental abilities.

From birth his family cast him aside as if he weren't one of them, but he would become

something much larger than Pangea. Cole had to survive by hunting for himself but while hunting in the woods for some food he found a scroll of Youth and a pill of Immortality. He took them both and he became an immortal god. The ground shook as the gods trembled in fear. This was the beginning of a new era. Cole drifted, but despite the confusion Cole granted himself the ability of flight and took to the skies.

CHAPTER 2

THE OLYMPUS GAYLORDS

Cole assembled an army of mortals and he moved them to Olympus so he could he tear Zeus limb from limb and he shall ascend to his rightful throne. When that fateful day came Cole charged the front lines with the battle cry "OLYMPUS IS FOR FUCKBUIS!" and after he said this everyone fell to their knees and they cried for mercy saying they would turn on Olympus if Cole healed them, but Cole had no mercy and he made sure to roast anybody that deserved it. So he said "You're all queers." and with that everyone died. Now only the gods remained. Cole made sure he roasted them thoroughly. When Cole was done roasting them they were nothing but charred corpses and soulless husks.

Cole had spared nobody from his ruthless roasting. Cole had taken the throne of the king of the gods and he was finally in total control of the world. Cole wanted to be under full control for eternity. Cole made a promise that he will never continue his bloodline and if he did somehow he would roast the shit out of them until they died.

Chapter 3

Hades is a queer

Cole had taken Olympus for himself, but the god of the dead was still in his realm. Cole moved his remaining forces to the gate of the Underworld and said to the locked gate "MOVE OUT OF MY WAY YOU RETARD!" And then the gate exploded and Cole was able to enter. Cole entered the home of Hades and saw the man himself. Hades was in full roast resistant gear, but Cole knew Hades' one true weakness. Hades was gay. Cole started his roast out slowly, "Give up you smelly bitch." Hades wasn't phased. "You're the most retarded guy I know." Hades looked hurt, but wasn't affected. Cole had to turn up the heat. "YOU'RE SO FUCKING STUPID I LOSE BRAIN CELLS EVERY TIME YOU TALK!" Hades was hit hard. "GIVE UP AND GO SUCK YOUR BOYFRIEND'S DICK YOU QUEER!" Hades burst into tears and started to disintegrate. Cole had to finish him off. "YOUR BOYFRIEND IS STRAIGHT AND HE DOESN'T LOVE YOU!" The god was so hurt he killed himself by downing an entire gallon of bleach.

Chapter 4

COLE'S NEW PIMP PAD

Cole needed to make sure his new place was safe. He knew his new place was almost too easy to siege, and so was the only way to make it safe was to make it a lightning bolt to the forges of the sea and he made the cyclopes forge replicas that were ten times more powerful.

When they were complete Cole took them to Olympus and the Underworld and he blew that shit up harder than Hiroshima and Nagasaki.

Cole wanted his own safe haven to live in peace. He wanted a city that would last forever, so he built Atlantis. He didn't want to be found so he sealed it away with a dome so he could live under the sea. It was perfect. It had everything a god could ever want and then some, so Cole started banging mortals harder than he blew up Olympus. (300 B.C.E)

Cole's a Goddamn Savage

Cole's Empire

Cole was always the king wherever he went. Even in the bedroom. One day Cole's empire was destroyed. Cole had always ruled over Greece and when a new empire called Rome was created Cole was upset, but he saw an opportunity and he took it. Cole became the God of Rome. Cole had set Prometheus free because Cole wanted to right all of Zeus's wrongs. They called Cole "Prometheus" so naturally Cole killed Prometheus so he was the only Prometheus. Cole roasted Prometheus's ass super hard. "You look like a snowman." Poof. Gone. Prometheus was dead.

After that MASSIVE roast Cole decided to go find something to do. So Cole was just taking his first look around his brand new kingdom when He overheard that the old greek gods were back, but they were in their Roman forms. Cole naturally needed his power back, so he made an army of mortals once more and he charged the gods palaces. Cole gave each one of them a chance to fight him in a battle to the death or be savagely roasted before their peers, after which they would be gifted a gallon of bleach for them to consume.

Only two of the gods chose to fight him. Cole's rules for duels were that Cole would grant the gods the ability to roast like Cole could and then the gods would roast the other gods like the relentless savage he was. Cole had an ace up his sleeve though because Cole had the traits of a

Cole let Jupiter go first. "You're the dumbest god I've ever seen," and Vulcan was second. "My first blade was made from your ass," and Cole responded "Funny, this coming from gods that are made from my ass." Jupiter and Vulcan looked pained, but they pushed onwards. Jupiter said "You're so stupid that I lose brain cells every time you talk." Vulcan

responded to his father's remark with "I was literally thrown down a mountain and I still look better than you." Cole wasn't phased " Good thing that they threw you down that mountain it probably fixed your ugly ass up. Also, Jupiter, You threw your own son down a mountain because he didn't look good. Don't try and call me stupid." The Gods were nearly killed by that, so Cole finished them off "JUST GO SUCK EACH OTHER OFF YOU QUEERS!" Dead. Gone. The Romans gods were no more.

Chapter 2

Cole was happy to be in charge of a kingdom again. It gave him a purpose again, and he served that purpose well. Cole was the greatest leader that Rome had ever seen, but that rule was nearing an end.

Rome had to fall. It was too big and it couldn't support the land that they had conquered. Cole was called upon many times during the siege of the city and Cole had to sit there and watch his empire crumble beneath some simple minded barbarians and some larger tribes.

Chapter 3

Cole had decided to try and blend into his subjects. He fell in with the various tribes and kingdoms, but they all fell until Cole made his way to an island known as the United Kingdom. They had been flourishing.

Cole had found himself a home. The people worshiped this person they called God and his son Jesus, needless to say Cole was pissed and set the church on fire by roasting it "YOUR TALLEST SPIRE LOOKS LIKE A MASSIVE DICK!" The church caught fire instantly and the fire had started to spread to other buildings and the mortals would call this the "Great Fire of London".

It was clear Cole couldn't stay the night, so he flew across the Atlantic to find the colonists and Cole blended into them until the Revolutionary War.

Chapter 4

The war was the perfect chance for Cole to let someone else take the seat and Cole would "Persuade" them to do as he said. Cole met a man named George Washington and Cole said "I will be your friend as long as George did what Cole told him."

Book 2

In the beginning, there was nothing, then, there was Cole. Out of the dark, Cole flies out of the big bang in a blazing ball of glory. He has awoken. Planets fly behind him as he goes through the empty vacuum of space. Once satisfied with his new creation, he, few seconds later, roasts a plain planet, to warm the other planets. "You fat skanky bitch," Cole says to a plain planet, now known as the Sun. The first roast. After he is satisfied with his creation, he settles down on the best of his planets, Earth.

Earth wasn't always the lush green planet it is now. Once Cole landed, he decided to give life. "Live you little shit," he said to a rock. Once those words were said, the rock turned into an unroastable companion. He and his rock had nothing to roast, so Cole made humans. The words "Turn into a fleshy fuck" were said to the rock, turning it into a man. After that man known as Chuck Norris was made, Cole transcended to destroy the Gods before him

from Coles 9,000 degree burn. Other gods hear of the roast of polish Gods, and one is brave enough to challenge Cole to a battle.

Poseidon was the poor simple god who challenged Cole to a duel. They both took off to a cluster of galaxies called RXJ1347. Before Poseidon had an chance to say anything, Cole whipped his head towards him at light speed, saying the holy words," I BET YOUR DICK IS AS SMALL AS THE MINNOWS YOU CONTROL." Gone. The God Poseidon was no more. The poor god evaporated, and caused the cluster of planets to roast at 15 million degrees C, a comfy temperature for the Roast Lord himself. Voices come out of nowhere yelling," MY NEIGHBOR YOU JUST GOT ROASTED." At this time Earth was at the year 20 B.C (Before Cole). The world was in shambles without its Roast Master. Cole knew the world could not proceed without some sick roasts. So Cole went off to Earth to give the world the push in Roast technology. He said to a rock hole, "YOUR DAD HAS A BIGGER VAGINA THAN YOU." The furnace was invented.

Chapter 3

Pluto can kindly Fuck himself

While Cole is busy bangin' Aristotle's wife like a screen door in an hurricane, the rest of the underworld heard of Cole's power, and Pluto, also known as Hades, began to hide in what they thought was a unroastable bubble, but he was wrong. Cole uses his light speed flying ability to go to the underworld. Cole saw the God in a bubble. Cole whispered the words, suck dick faggot. The bubble withstood Coles roasting abilities, so he continued to roast the bubble," you are an asshole because you were born out of one." A hole in the bubble appears. Cole will not yield. Cole begins to shout at the bubble," STRIP CLUB BATHROOMS DON'T CLEAN THEMSELVES, YOU LOOK LIKE ARNOLD SCHWARZENEGGER'S RETARDED BROTHER, YOU ARE THE GOD FORM OF AIDS AND EBOLA." Cole is being too much of a savage and ends up creating a wormhole in space and time, sending a future female pilot and a Malaysian airliner into the underworld. The God Pluto was no more, Cole had turned him man and the bubble was gone, meaning only one thing, he had to return to Earth, and take back his throne.
